ANNOUNCEMENT FOR 1883.

THE BUFFALO CITY DIRECTORY for 1883 testifies to the fact that the Queen City, a year after the celebration of the semi-centennial anniversary of her incorporation, can boast of a population of 200,000 souls. In the Directory for 1882, the total number of names recorded was 52,146. Each name represented $3\frac{1}{2}$ persons, or a total population of 182,511. In the Directory for 1883 there are 57,112 names, or 4,966 more than appeared in the Directory of the year before. Estimating each name to stand for $3\frac{1}{2}$ persons, and we have a total population in the city of 199,892. The increase in population for the year is 17,381, and shows a remarkable growth. For the past five years Buffalo has been making rapid strides, and the close of 1885 will see within the city's limits, and without the acquisition of any new territory, a population of a quarter of a million. As a railroad center Buffalo has taken on a dignity and importance which, a dozen years ago, her most sanguine citizens could not have hoped for; and she is now in the lead and is bound to maintain it. Her various industries are prospering and the future of Buffalo as a manufacturing city is full of promise. Since the manifold advantages of the city as a commercial and manufacturing point have received recognition from the great railroad corporations of the country who have sought entrance here and facilities for the transaction of their business, the well-known conservatism of a majority of our capitalists has undergone serious modification, and a buoyant and hopeful confidence has largely usurped the doubtfulness and excessive prudence of past years. The value of real estate in all parts of the city has continued to increase since the last issue of the Directory; and even property long considered unavailable and a burden to its owner, has secured to itself a

character and value which never before could have been associated with it. Buffalo is steadily and surely approaching greatness, and the facts and figures embodied in the City Directory for 1883 are conclusive on that point, if any evidence is needed. The growth of Buffalo since 1810 is approximately indicated by the following table, which gives the State and United States Census returns and the estimates of the Directory as regards population:

CENSUS.	YEAR.	POPULATION.
United States.....	1810	1,508
State.....	1814	1,060
United States.....	1820	2,095
State.....	1825	5,141
United States.....	1830	8,653
State.....	1835	15,661
United States.....	1840	18,213
State.....	1845	29,773
United States.....	1850	42,261
State.....	1855	72,214
United States.....	1860	81,126
State.....	1865	94,210
United States.....	1870	117,714
State.....	1875	134,557
United States.....	1880	155,134
Buffalo City Directory.....	1882	182,511
Buffalo City Directory.....	1883	199,892

The City Directory for 1883 has 44 more pages than last year, and has been compiled with a great deal of care. That it is perfect can scarcely be claimed; but its publishers are fain to believe that it is as complete as a City Directory can well be made. The difficulties to be overcome in the canvass are many and not easily surmounted; and for any shortcomings that may be discovered neither compiler nor publishers are disposed to take much of the blame. The table of contents will be found very full; the classification will be recognized as admirable, and the mortuary list at the end of the volume will be an acceptable feature to many.

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting point of the street, measuring along the line of the street twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy, or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 499 MAIN STREET, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 497, consequently, the place he seeks is only a few doors above.

REGISTERED LETTER DEPARTMENT.

Office open from 8 A. M. to 5 P. M. Closed on Sundays and Holidays.

Letters and other valuable packages may be registered to any Post Office in the United States, on the payment of postage and a fee of ten cents.

STAMPED ENVELOPES.

Daily, many letters are dropped in the Post Office unpaid, with revenue stamps and stamps cut from stamped envelopes affixed,

which are held for postage; whereas, by the use of stamped envelopes, these letters would go forward without delay.

Persons purchasing envelopes can have printed on the left-hand corner without additional charge, their names and post-office address, and a request to return if unclaimed within a given time, when ordered in quantities of 500 and upwards of any specific denomination. The postage on stamped envelopes, spoiled in directing, will be refunded in stamps, on application at stamp office, provided they have never been sent by mail, and that the misdirection actually occurred at the place where the redemption is claimed.

Prices at which stamped envelopes and newspaper wrappers are sold to the public: In quantities of 1,000—three cent, note size, 1st quality, \$31.60; three cent, letter size, 1st quality, \$32.00; three cent, extra letter size, 1st quality, \$32.40; three cent, extra letter size, 2d quality, \$32.30; two cent, ordinary size, 1st quality, \$23.00, one cent, newspaper wrappers, 11.00.

Domestic postal cards, one cent.

International postal cards, two cents.

RATES OF POSTAGE TO CANADA.

(The Dominion of Canada embraces all the British North American Provinces except Newfoundland.)

Letters and Postal Cards.—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

Other Matter.—Same rates and conditions of transmission as for matter for delivery within the United States, except that merchandise is rigidly excluded. Samples of merchandise are mailable, but they must not exceed eight ounces in weight, and are subject to a postage of ten cents each. They must also be strictly specimens of goods for sale.

RATES OF POSTAGE TO POSTAL UNION COUNTRIES.

Letters, five cents per half ounce or fraction thereof (fifteen grams being the postal equivalent of half an ounce).

Postal cards two cents each.

Registration fee ten cents.

FORWARDING LETTERS AND POSTAL CARDS

The law providing that prepaid letters and postal cards shall be forwarded from one post office to another, at the request of the party addressed, without additional postage, applies only to those not delivered. A letter or postal card that has been delivered to an authorized person, and by him re-directed to another post office, cannot be forwarded to its new address without prepayment of additional letter postage. Such re-directed and unpaid matter is daily dropped into the street letter and office drop-boxes, and is, under instruction, forwarded to the Dead Letter Office.

Newspapers, periodicals and miscellaneous mailable matter cannot be remailed or forwarded without prepayment of stamps, at the rate of third-class matter.

Merchant's Gargling Oil Liniment is good for human and animal flesh.

ADVERTISED LETTERS.

Letters after remaining in this office one week, are advertised. Such letters can only be obtained by calling for them as advertised letters, and giving the date of the list. If not claimed within one month thereafter, they are sent to the Dead Letter Office.

LETTERS NOT ADVERTISED.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post office as unclaimed—being for strangers; letters returned from the Dead Letter Office to writers.

RATES OF POSTAGE.

First Class.—Letters, and all other written matter, whether sealed or unsealed, and all other matter sealed, nailed, sewed, tied, or fastened in any manner, so that it cannot be easily examined, three cents per half ounce or fraction thereof. Postal cards one cent each. Postal cards are unmailable with any writing or printing on the address side, except the direction, or with anything pasted upon or attached to them.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

Second Class.—Only for publishers and news agents.

Third Class.—Printed matter, in unsealed wrappers only (all matter inclosed in sealed envelopes notched on the sides or corners must pay letter rates), one cent for each two ounces or fraction thereof, which must be fully prepaid. This includes books, circulars, chronicles, hand-bills, engravings, lithographs, magazines, music, newspapers, pamphlets, photographs, proof-sheets and manuscript accompanying the same, reproductions by the electric pen, hektograph, metallograph, papyrograph, and, in short, any reproduction upon paper by any process, except handwriting and the copying press, not in the nature of a personal correspondence. Limit of weight four pounds, except for a single book, which may weigh more. Third-class matter must be fully prepaid or it will not be forwarded.

Fourth Class.—All mailable matter not included in the three preceding classes which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. Rate, one cent per ounce or fraction thereof. Limit of weight four pounds. Full prepayment compulsory.

POSTAL CARDS.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed, or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

POSTAL RULES.

By act of July 12, 1876, "the sender of any article of third-class mail matter may write his or her name therein, or on the outside thereof, with the word 'from' above or preceding the same; or may write briefly or print on any package the number and names of the articles inclosed." This privilege cannot be held to include the price of such articles, or any writing other than above specified.

A subscriber cannot re-mail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be inclosed in an ordinary letter.

Valuable letters should be carried to the Post Office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at owner's risk.

Head letters with the name of the writer's Post Office and State, street and number. Sign them with full name, and requests that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to detect fraud.

When publishers inclose handbills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of \$5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

The persons entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

Letters addressed to a party deceased can only be delivered to his legal representatives.

Letters addressed to a firm may be delivered to any member thereof.

Drop letters can only be forwarded upon the prepayment of one full letter rate of postage.

Pamphlets and books cannot be returned at the request of the writer without prepayment of postage. The privilege is confined to letters.

THE FOLLOWING ARTICLES ARE UNMAILABLE.

Letters which cannot be forwarded to their destination by reason of illegible or unintelligible superscription.

Letters upon which one full rate of postage has not been prepaid, and those covered by revenue stamps, by stamps previously used, or by stamps cut from stamped envelopes, and packages which exceed four pounds in weight.

Letters insufficiently paid or wholly unpaid for foreign countries, on which prepayment is required in full.

Letters to Europe and other foreign countries belonging to the International Postal Union, which contain gold or silver, money, jewels or precious articles, or any article liable to customs duty.

All letters upon the envelope of which, or postal card upon which obscene, scurrilous or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd or lascivious books, pamphlets, pictures, papers, prints or other publications of an indecent character.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp pointed instruments, or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service.

THE METRIC SYSTEM OF WEIGHTS AND MEASURES.

The Metric system is so called from the *Meter*, which is its principal and only arbitrary unit.

The units of the system are: The *Meter*, one ten-millionth part of the distance from the equator to the pole, measured on the earth's surface; the *Are*, equal to a square whose side is 10 meters, and is 100 square meters; the *Liter*, the capacity of a cube whose edge is a decimeter; the *Gram*, the weight of a cubic centimeter of water. A liter of water weighs a kilogram, and a cubic meter of water weighs a tonneau, or metric ton.

The following are the tables of the Metric weights and measures:

LENGTH.

10 millimeters.....	make a centimeter.
10 centimeters.....	make a decimeter.
100 centimeters.....	make a meter.
10 meters.....	make a dekameter.
100 meters.....	make a hectometer.
1,000 meters.....	make a kilometer.
10,000 meters.....	make a myriameter.

WEIGHT.

10 milligrams.....	make a centigram.
10 centigrams.....	make a decigram.
100 centigrams.....	make a gram.

10 grams.....	make a dekagram.
100 grams.....	make a hectogram.
1,000 grams.....	make a kilogram.
10,000 grams.....	make a myriagram.

CAPACITY.

10 milliliters.....	make a centiliter.
10 centiliters.....	make a deciliter.
100 centiliters.....	make a liter.
10 liters.....	make a dekaliter.
100 liters.....	make a hectoliter.

SURFACE.

1 square meter.....	is a centare.
100 square meters.....	make an are.
10,000 square meters.....	make a hectare.

SOLID MEASURE FOR WOOD.

1 cubic meter.....	is a stere.
10 cubic meters.....	make a dekaster.

A centimeter.....	is about 2-5 of an inch.
A meter.....	is about 39 3-8 inches.
A kilometer.....	is about 5-8 of a mile.
A liter.....	is about 1 18-100 quarts.
A kilogram.....	is about 2 1-5 lbs. avoirdupois.
An are.....	is about 3 95-100 square rods.
A hectare.....	is about 2 47-100 acres.
A stere.....	is about 7-25 of a cord.

BUSINESS LAW IN DAILY USE.

The following compilation of business law contains the essence of a large amount of legal verbiage:

If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

A note made on Sunday is void.

A note by a minor is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

"Value received" is usually written in a note, and should be, but is not necessary. If not written, it is presumed by the law, or may be supplied by proof.

The maker of an "Accommodation" bill or note (one for which he has received no consideration, having lent his name or credit for the accommodation of the holder), is not bound to the person accommodated, but is bound to all other parties, precisely as if there was a good consideration.

A note indorsed in blank (the name of the indorser only written) is transferable by delivery, the same as if made payable to bearer.

If the time of payment of a note is not inserted, it is held payable on demand.

The time of payment of a note must not depend upon a contingency. The promise must be absolute.

A bill may be written upon any paper, or substitute for it, either with ink or pencil.

The payee should be distinctly named in the note, unless it is payable to bearer.

An indorsee has a right of action against all whose names were on the bill when he received it.

If the letter containing a protest of non-payment be put into the post-office, any miscarriage does not affect the party giving notice.

Notice of protest may be sent either to the place of business of or residence of the party notified.

The holder of a note may give notice of protest either to all the previous indorsers, or only to one of them; in case of the latter, he must select the last indorser, and the last must give notice to the last before him, and so on. Each indorser must send notice the same day or the day following. Neither Sunday nor legal holiday is to be counted in reckoning the time in which notice is to be given.

The loss of a bill or note is not sufficient excuse for not giving notice of protest.

If two or more persons as partners are jointly liable on a note or bill, due notice to one of them is sufficient.

If a note or bill is transferred as security, or even as payment of a pre-existing debt, the debt revives if the bill or note be dishonored.

An indorsement may be written on the face or back.

An indorser may prevent his own liability to be sued by writing "without recourse," or similar words.

The finder of negotiable paper, as of all other property, must make reasonable efforts to find the owner before he is entitled to appropriate it for his own purposes. If the finder conceal it, he is liable to the charge of larceny or theft.

Joint payees of a bill or note, who are not partners, must all join in an indorsement.

One may make a note payable to his own order. He must then write his name upon its back or across its face, the same as any other indorser.

After the death of the holder of a bill or note, his executor or administrator may transfer it by his indorsement.

The husband who acquires a right to a bill or note which was given to the wife, either before or after marriage, may indorse it.

A demand note is always valid until presented for payment, after which it comes under the usual laws of outlawry.

An agreement without consideration is void. Contracts made on Sunday cannot be enforced.

A contract made with a minor is void.

A contract made with a lunatic is void.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of SPECIAL PARTNERSHIP.

The acts of one partner bind all the rest.

A verbal promise to pay, made without conditions, is generally held as sufficient to revive a claim otherwise shut out by the law of limitation.

An oral agreement must be proved by evidence. A written agreement proves itself. The law prefers written to oral evidence, because of its precision.

No evidence may be introduced to CONTRADICT or VARY a written contract, but it may be received in order to explain it, when such contract is in need of explanation.

Checks or drafts must be presented for payment without unreasonable delay.

Checks or drafts should be presented during

business hours; but in this country, except in the case of banks, the time extends through the day and evening.

If the drawee of a check or draft has changed his residence, the holder must use due or reasonable diligence to find him.

If one who holds a check, as payee or otherwise, transfers it to another, he has a right to insist that the check be presented that day, or, at farthest, on the day following.

If a debtor owes several debts, and pays a sum of money to the creditor, he has the right to designate the particular debt to which the payment shall apply, and the creditor must so appropriate it.

If, when a debt is due, the debtor is out of the state, the "six years" do not begin to run until he returns. If he afterward leave the state, the time forward counts the same as if he remained in the state.

Except in the case of absence from the State, the "six years" begin when the bill or account is DUE. In case of a note they count from the "three days of grace." In case of a note on demand, they count from the time of the demand.

The statute of limitations does not avoid or cancel the debt, but only provides that no action in law may be maintained after a given time. The statute does not affect collateral security.

Ignorance of the law excuses no one.

The law compels no one to do impossibilities.

It is a fraud to conceal a fraud.

Signatures made with a lead pencil are good in law.

A receipt for money is not always conclusive.

No consideration is sufficient in law if it be ILLEGAL in its nature.

All claims which do not rest upon a SEAL or JUDGMENT must be sued within six years from the time when they arise.

Part payment of a debt which has passed the time of statutory limitation revives the whole debt, and the claim holds good for another period of six years from the date of such partial payment.

Written instruments are to be construed and interpreted by the law according to the simple, customary and natural meaning of the words used.

"Acceptance" applies to bills and not to notes. It is an engagement on the part of the person on whom the bill is drawn to pay it according to its tenor. The usual way is to write across the face of the bill the word "Accepted."

A witnessed note does not outlaw for twenty years.

THE REVOLVING PERCH BIRD CAGE

Patented Sept. 21, 1866; Nov. 20, 1872; April 3, 1877; Re-Issued Nov. 13, 1878.

A PLAY-HOUSE FOR THE WORLD'S PET.

The pleasure and joy furnished "Our Charmer" by the New Revolving Perch is wonderful to behold. Any Canary will learn to work them in a very short time, and once learned, it is surprising to see the amount of exercise a bird will take. These elegant and useful Cages have already become very popular. We know of many instances where dealers who handle our Revolving Perch Cages, have largely increased their sales, by placing in their show windows one of the cages with a bird inside to operate same.

The REVOLVING PERCH is so new, that unless people see it in practical operation, they fail to appreciate what a charming novelty it is; or the great advantage to the bird in the way of exercise, which all Canaries require to keep them healthy, and constantly in song.

Illustrated price lists sent to dealers only on application.

BUFFALO TYPE FOUNDRY

N. LYMAN'S SONS, . PROPRIETORS.**No. 36 WEST SENECA STREET.**

By the completion of our new and powerful machines, we are now enabled to force metal into type (heretofore impossible) that will exceed in durability anything in the shape of Type now made in other places.

In case you need new Type for News or Book Work, we would advise you to give us your orders and you will be convinced, what we affirm, to be a fact.

If you let us know when you intend to renew your paper with type, and give us the size and quantity of type you use, we will hold ourselves ready to meet your wants with promptness.

ELECTROTYPING.

Printers will find it to their advantage to send their forms to be Electrotyped when large numbers are to be printed from them, thereby saving their type from wear. Also Books and Pamphlets Electrotyped as low as Stereotyping. Cuts, Borders, and in fact anything that needs Electrotyping.

We must return thanks for the favors shown this Foundry in the past, and hope that your trade will be continued with us, and that you will GIVE US AN OPPORTUNITY to please you, as it shall be our endeavor to do so to the best of our ability.

We can supply you with anything in our line *at rates as favorable* as any Foundry in this country, and material that is *not excelled for beauty and durability*.

Printing Presses and Printing Machinery of all makers furnished at short notice.

Also Type adapted for Dick's Mailing Machines. Printers and Publishers merely giving the number of subscribers can have fonts put up suitable for same.

Wood Type and Wood Printing Materials furnished.

Type from other foundries' specimen books can be furnished at short notice.

Respectfully yours,

N. LYMAN'S SONS.

F. M. SHEPARD, President.

J. A. MINOTT, Secretary.

HOT AIR FURNACE

Unequalled Great Power, Durability, Economy and Simplicity, Giving More Heat with less Fuel than any other Furnace in the Market.

It stands lower than other Furnaces, thereby allowing it to be placed in low cellars and giving a proper rise to hot air pipes.

HAS AIR-TIGHT JOINTS,

which are self-packing, so that there is no possibility of leakage. Has no downward flues to become filled with soot and ashes, and is so arranged as to be SELF-CLEANING. Is as simple as an ordinary stove, and as easily managed, having NO DAMPERS. The pipes forming the flues, together with the Radiator, the Large Dome and Fire Box, present a LARGER RADIATING SURFACE THAN ANY OTHER FURNACE.

THE
GREAT SHORT LINE
 THE
UNION AND CENTRAL PACIFIC
RAILROADS.

CHOICE OF FOUR ROUTES.

THE UNION and CENTRAL PACIFIC OVERLAND ROUTE is the only line to the Pacific Coast which can offer travelers a choice of four routes between the Missouri River and the Rocky Mountains.

THE OLD RELIABLE UNION and CENTRAL PACIFIC ROUTE is the only line passing through the thriving young agricultural States of Kansas and Nebraska, affording passengers a view of their fertile and almost illimitable prairies.

THE GREAT NATIONAL THOROUGHFARE. The Union and Central Pacific Railroad Line passes through the most fertile fields of America, over the grandest mountain chains in the world, and reaches all the popular health and pleasure resorts of the Rocky and Sierra Mountains and the Pacific Slope, and is the great iron highway over which pass the products of the mines, farms, stock ranges and forests of the North American Continent.

THE PIONEER THROUGH LINE. The Union and Central Pacific Railroad Line is from 300 to 500 miles the shortest route between the chief cities of the East and the Pacific Coast. It is the only line through Denver and Colorado. It is justly called the Commercial Highway of four Continents. It is a palace line for comfort, a panorama line for the sight-seer, and passes through some of the most renowned mining regions of America.

(Opposite Young Men's Association Building and St. James Hall.)

THE NEWSPAPER ADVERTISING AGENCY will as heretofore, be under the supervision of Mr. E. H. HUTCHINSON, whose eight years' experience in every detail of the business renders him fully qualified to protect and advance the interest of his patrons. Advertisements will be inserted in any newspaper in the United States or Dominion of Canada, at the publishers' lowest rates without any additional charge or commission.

In connection with the Advertising Agency, Mr. HUTCHINSON, in 1877, established his

BOOK AND JOB PRINTING DEPARTMENT,

which is under the management of Mr. H. C. SPENDLOW, who has been with Mr. HUTCHINSON for the past six years. In this department every description of printing for Societies, Manufacturers, Merchants, Bankers, Insurance and Business men generally, is executed with neatness, promptness and despatch, at reasonable rates. Particular attention is paid to the reading of proofs, and every care taken to avoid mistakes and insure accuracy in the work. Our motto is "Good Work at Reasonable Prices."
